

Business, Industry and Infrastructure Funding Opportunities

Welcome to our Business, Industry and Infrastructure Funding Opportunities Newsletter

Welcome to our Business, Industry and Infrastructure Funding Opportunities Newsletter where you will find details of grant and funding programs that are available for the Northern Inland Region for businesses and infrastructure projects.

Due to the number of grants that are available, we send two funding opportunities newsletters a month; one for Business and Infrastructure and another for Community Projects and Award Programs. These newsletters are a free service that we provide, and you can add the Community Funding Opportunities and Awards Programs newsletter to your subscriptions by filling your details into on the left hand side of our website: www.rdani.org.au

We wish you all the best with the Funding Opportunities below and if you are looking for a grant between newsletters, have a look at the grants search tool on our website which is updated with new grants weekly: www.rdani.org.au/grants-funding/search.php

If you need some facts and figures for your applications, a range of data for our region is also available on our website here: www.rdani.org.au/our-region/regional-data.php

Please note the below information is intended as a guide only. Closing dates and other details should be verified using the links provided as they are subject to change by the providers without notice.

Firefox Users: Some NSW Government website pages are currently not loading correctly in the Firefox internet browser. If a link does not work in Firefox, we recommend that you try using a different browser to access the information.

Featured Grants

Community Building Partnership 2025

Opens: 28th of January 2025

Closes: 21st of February 2025 - 5:00 pm

Value: \$10,000 to \$100,000

Run By: NSW Government Communities and Justice

This program awards grants for community infrastructure projects that deliver positive social, environmental and recreational outcomes while also promoting community participation, inclusion and cohesion.

CBP will consider funding requests between \$10,000 and \$100,000 for projects in NSW involving:

- capital works including construction of new community infrastructure as well as refurbishment, repair and maintenance of existing community infrastructure. Capital works are: improvements to the land or building, or freestanding equipment that will be fixed or installed to the land or building.
- the purchase of freestanding equipment. Freestanding equipment is: equipment that does not require installation. This also includes vehicles and vessels that do not require registration e.g. tractors, utility task vehicles (UTV) or side-by-side ATVs, dragon boats, golf buggies, dinghies, powerboats or sailing boats less than 5.5 m long or with an engine less than 4.0 kw.
- the purchase of vehicle(s). Vehicles are: cars, buses, trucks, trailers, motorised rescue vehicles including boats and any modifications to existing vehicles.

DRIVEN Charger Rebate Stream

Opens: 22nd of January 2025

Closes: 30th of April 2028 - 5:00 pm

Value: \$2,000 to \$20,000

Run By: Australian Government Department of Climate Change, Energy, the Environment and Water

The objective of the grant opportunity is to provide co-funding for dealerships and repairers to install EV chargers.

The intended outcomes of the grant opportunity are to:

- increase in the number of EV charging stations throughout the country including remote and regional areas
- increase the number of EVs on the roads.

Regional Precincts and Partnerships Program: Precinct Development and Planning

Closes: Ongoing

Value: \$500,000 to \$5 Million

Run By: Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts

The Precinct Development and Planning grant opportunity provides opportunities to develop a precinct idea through to investment-ready stage. The rationale for Stream One is to recognise that financial constraints can inhibit great concepts being explored further and developed into realistic, well-designed and planned projects.

The intended outcomes of the grant opportunity are to:

- establish partnerships comprised of relevant government entities, community organisations and businesses that have a shared vision for a regional precinct
- deliver precinct plans that are tailored to their local contexts and based on community feedback and engagement
- support precinct plans to become investment ready.
